3. ONE paper of 4 September on "Castro's Reaction to a
Step-up of Sabotage Operations" opines that Castro would take serious
view of continuing actions of sabotage; would almost certainly
increase internal security controls; initiate political moves against
the US; and request Soviet's assistance in defense. Might also
retaliate against Cuban exile bases. Chances of Cuban sabotage
against US installations would probably increase.

4. The House Committee on UnAmerican Activities has post-
poned [redacted]'s appearance before the Committee for an
unspecified period. You approved his appearance last week.
